Smart: Reception desk for hairdresser

The Smart choice for the reception area has arrived! This stylish reception desk in white ash melamine commands attention upon entering the salon, with an upholstered front panel (available in a wide choice of colours) that curves at a 90° angle, allowing for the desk to be positioned in different ways, while still being compact enough to create extra space in the reception area. LED lighting beautifully accentuates the form of the upholstered front panel, while also adding importance to the reception desk. The Smart is also available with side display cabinets and side storage cabinets (also available separately).
