B-Side: Waiting area for hairdresser

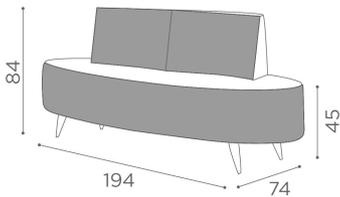

The B-Side double-seater waiting sofa adds to the possibilities in the salon reception area. The thickly padded seat has an elliptical form, with four aluminium feet supporting the product. This sofa is available in two different versions; one with a traditionally padded back, allowing for two people to sit facing the same direction, and better suited to be placed against a wall, and the other with the backrest shaped so that the two people face in opposite directions, therefore better suited to a more central position in the salon.
