## Wallie: Manicure station for beauty centre

WALLIE is the market's smallest manicure system, created to suit the needs of salons or beauty centres that don't have much space, but still want to offer an important service to their customers. Wallie has a structure in white ash melamine, an upholstered seat and backrest available in a choice of Sky Colours, wheels for ease of movement and two large product drawers. Wallie also offers a manicure work surface with an adjustable height and a small bowl.

The best-selling Wallie manicure seat is now also available in more versatile options - without manicure shelf, and without manicure shelf or backrest, making the Wallie perfect for even more situations!
